

PRINTEC[®] 212 STICKY

The Printec[®] 212 Sticky of adhesive-backed sport both a new compressible layer as well as a new adhesive composition. Available in 1.00mm gauge, this blanket will not move on the cylinder during production but is easily removed for replacement. The new compressible layer provides longer life and better print quality. This blanket is fabric backed and multi directional. The Printec[®] 212 Sticky can be ordered both in roll lengths and sheet form.
