

## Pacific Wash TECHNICAL DATA SHEET

### Description

Pacific Wash is a ready to use blanket and roller wash solution, designed for manual and Auto-Wash System applications. It requires no premixing or diluting and performs like a conventional, 100% VOC wash with the same kind of powerful cleaning action and zero residual content. In addition Pacific Wash benefits your pressroom by meeting or exceeding a number of environmental safety guidelines.

### Application Information

Safety First - Review Material Safety Data Sheet (MSDS) and secure proper Personal Safety and Protective Gear.

#### Hand Wash/Manual Application:

##### **Cleaning Blankets**

Apply Pacific Wash to your favorite shop cloth or sponge and wipe blanket clean. (The amount of Pacific Wash and cleaning effort needed varies with how dirty your blankets are.) A quick follow-up with a water dampened cloth is recommended, but not required. Blankets are now clean and ready to run. Again, dilution of Pacific Wash is not necessary.

##### **Cleaning Rollers**

Apply Pacific Wash just like you would a conventional roller wash. Once the rollers are clean and free of ink, flush any remaining contaminants with fresh water. Rollers are now ready to run.

#### Automatic Wash Systems:

##### **Cleaning Blankets and Rollers**

Simply follow the same procedures as when using traditional auto-wash products. For first time installations, we recommend consulting with an Explorer Pressroom Solutions representative prior to use.

### Typical Properties of Pacific Wash

VOC = 4.17 lbs/gallon (less than 500 grams/liter)

Dry Time = Slow-Medium

Color = Blue

Flash Point = 110°F-115°F

Odor = Mild citrus scent

Reportable Ingredients = None

## Advantages and Benefits

- VOC Compliant (Below 500grams/liter Regulation)
- NO Ingredients listed by IARC, NTP, OSHA, Prop. 65 or SARA 313
- Not RED LABEL (High Flash Point)
- COMPLETELY STABLE FORMULA – No pre or periodic mixing required
- No Lingering Oily Residuals or Contaminants
- Excellent Cleaning Power – Better than or equal to conventional washes
- Easy to use for Manual and Auto Applications
- Formulated for both Blankets and Rollers
- Cost Effective

## Packaging

Pacific Wash is available in quantities of 5 gallons and 55 gallons.
